Directorate of Engineering and Services  
Headquarters, United States Air Force  
Washington, D.C. 20332-5000

Dear Major Smith:

Representatives of EPA attended a meeting on January 14, 1988 at the Suffolk County Air National Guard Base to review and discuss the Draft Remedial Investigation Report for the Suffolk County Airport Fire Training Area (FTA).

Six months have passed since we sent you our comments on the FTA report. We still have not received a summary of the meeting or a response to our comments and we are not aware of the recent activities on the FTA as well as the whole area of the former Air Force Base. Please be advised that EPA requests to be kept up-to-date with all studies undertaken at the base.

All the information you supply will be appreciated. I am looking forward to working with you in the future. I can be reached at (212) 264-6665.

Sincerely yours,

Galina Tsoukanova
